

### Faculty for Agronomy

**The Faculty trains students on the following BSc-programmes:**

**35.03.03** Agricultural chemistry and Soil science. Profile: Agroecology

**35.03.04** Agronomy. Profiles: Agronomy; Selection and genetics of crops; Plant protection

**Entrance examinations: Russian language, Biology, Mathematics (professional level).**

**20.03.02** Environmental engineering and Water management

**35.03.01** Forestry

**35.03.10** Landscape architecture

**Entrance examinations: Russian language, Biology, Mathematics (professional level).**

**The Faculty trains students on the following MSc-programmes:**

**35.04.01** Forestry

**35.04.03** Agricultural chemistry and Soil science

**35.04.04** Agronomy

**Entrance examinations: oral interview (exam) on the topic of the Master-programme.**

Alumni are enrolled in the agricultural enterprises, state service of plant protection, local and regional departments on environmental protection and forestry enterprises.

**Dean: Prof. Alexey N. Marmulev; Tel.: +7 383 267-3610**

### Biology-Technological Faculty

**The Faculty trains students on the following BSc-programmes:**

**06.03.01** Biology. Profiles: Game management; Bioecology.

**35.03.07** Technology of production and processing of agricultural production. Profiles: Milk production and processing; Meat production and processing.

**36.03.02** Livestock farming. Profiles: Technology of animal production; Non-fertile animal husbandry

**Entrance examinations: Russian language, Biology, Mathematics (professional level).**

**19.03.03** Animal food production. Profile: Technology of meat and meat products

**Entrance examinations: Russian language, Biology, Mathematics (professional level).**

**19.03.04** Production technology and catering. Profile: Catering trade.

**27.03.01** Standardization and Metrology. Profile: Food industry.

**Entrance examinations: Russian language, Mathematics (professional level), Physics.**

**The Faculty trains students on the following MSc-programmes:**

**06.04.01** Biology

**19.04.01** Biotechnology

**19.04.03** Animal food production

**36.04.02** Livestock farming

**Entrance examinations: oral interview (exam) on the topic of the Master-programme.**

Alumni are enrolled in the agricultural enterprises, meat and dairy processing enterprises, production and supply of feed additives, premixes, services on certification, Research Institutes and institutions, catering industry and trade.

**Dean: Prof. Konstantin V. Zhuchayev; Tel.: +7 383 267-3336**

### Faculty of Veterinary Medicine

**The Faculty trains students on the following Specialist programme (qualified as a Veterinary surgeon):**

**36.05.01** Veterinary medicine.

Veterinary surgeon can treat animals at agricultural enterprises and control the quality of livestock production.

**The Faculty trains students on the following BSc-programmes:**

**36.03.01** Veterinary and sanitary expertise.

**Entrance examinations: Russian language, Biology, Mathematics (professional level).**

**The Faculty trains students on the following MSc-programmes:**

**36.04.01** Veterinary and sanitary expertise

**Entrance examinations: oral interview (exam) on the topic of the Master-programme**

Alumni of Veterinary and sanitary expertise are enrolled in the State Sanitary Service, Federal Veterinary and Phytosanitary Monitoring Service, departments of veterinary and sanitary expertise on the Customs and transport, at the markets etc.

**Dean: Prof. Olga Iu. Ledeneva; Tel.: +7 (383) 267-0907**

### Faculty of Economics and Management

**The Faculty trains students on the following BSc-programmes:**

**Department of Economics**

**38.03.01** Economics. Profiles: Finance and credit; Accountancy, analysis and audit.

**38.03.02** Management. Profile: Industrial management; Logistics and supply chain management.

**Entrance examinations: Russian language, Mathematics (professional level), Social studies.**

**The Faculty trains students on the following MSc-programmes:**

**38.04.01** Economics

**38.04.02** Management

**Entrance examinations: oral interview (exam) on the topic of the Master-programme.**

Alumni can be enrolled in agribusiness, taxation and bank system, exchequer chamber and financial departments of local and regional authorities, consulting and audit enterprises, research institutes and institutions

**Department of Management**

**The Faculty trains students on the following BSc-programmes:**

**08.03.01** Architecture and Building. Profile: Building and reconstruction of agricultural entities

**Entrance examinations: Russian language, Mathematics (professional level), Physics**

**38.03.03** Personnel management.

**38.03.04** Public administration.

**43.03.01** Service. Profile: Real estate service

**Entrance examinations: Russian language, Mathematics (professional level), Social studies.**

**The Faculty trains students on the following MSc-programmes:**

**38.04.03** Personnel management.

**38.04.04** Public administration.

**Entrance examinations: oral interview (exam) on the topic of the Master-programme.**

The alumni are affiliated with the public administration bodies, personnel services and real estate sector.

**Acting Dean: Prof. Zlata V. Andreeva;**

**Department of Economics: Tel.: +7 (383) 267-3301; Department of Management: +7 (383) 223-04-69**

### Engineering Institute

**The Faculty trains students on the following BSc-programmes:**

**23.03.03** Transport and technological machinery. Profile: Automobiles and vehicle fleet.

**35.03.06** Agricultural engineering. Profiles: Engineering systems in agribusiness; Technological equipment for storing and processing of agricultural production; Machinery service in agribusiness; Electric equipment and technologies in agribusiness.

**Entrance examinations: Russian language, Mathematics (professional level), Physics.**

**23.03.01** Technology of transport processes. Profile: Organization and safety of driving

**Entrance examinations: Russian language, Mathematics (professional level), Computer studies and information-communicative technologies.**

**44.03.04** Vocational education (branch-wise) Profile: Agriculture:

Technological systems in agribusiness

**Entrance examinations: Russian language, Mathematics (professional level), Social studies.**

**The Faculty trains students on the following MSc-programmes:**

**23.04.03** Transport and technological machinery.

**35.04.06** Agricultural engineering.

**44.04.04** Vocational education (branch-wise)

**Entrance examinations: oral interview (exam) on the topic of the Master-programme.**

**Director: Prof. Yuriy A. Guskov; Tel.: +7 (383) 267-3507**

### Law Faculty

**The Faculty trains students on the following BSc-programmes:**

**40.03.01** Law science. Profiles: Civil law, Criminal law.

**The Faculty trains students on the following Specialist programme:**

**40.05.02** Law enforcement activity . Profile: Administrative activities.

Students are qualified as Lawyers

**Entrance examinations: Russian language, Social studies, History.**

Alumni are enrolled in various law enforcement bodies (Courts, Prosecution service, Court Bailiffs Service, Customs, and Police) Justice Bodies etc.

**Dean: Prof. Borik A. Mkrtchyan; Tel.: +7 (383) 267-3622**

### Correspondence studies

Correspondence studies deal with the majority of programmes and profiles.

**Director: Dr. Prof. Svetlana V. Sharybar; Tel.: +7 (383) 267-3804**

**Department of Law studies: +7 (383) 2647 16 78**

### Vocational training

Admission is implemented on the basis of compulsory secondary education, vocational education or free admission by Certificate of Completed Secondary Education:

### Full-time studies

**35.02.12** Landscaping

**Qualified as an Engineer**

**35.02.15** Cynology

**Qualified as a Cynologist**

**36.02.02** Livestock farming

**Qualified as a Livestock farmer**

**35.02.05** Agronomy

**Qualified as an Agronomist**

**40.02.01** Law and social security

**Qualified as a Lawyer**

**38.02.01** Economics and accountancy (branch-wise)

**Qualified as an Accountant**

**38.02.04** Business and commerce

**Qualified as a Sales Manager**

Period of study: incomplete secondary education – 2 year 10 month;

complete secondary education – 1 year 10 month

**23.02.03** Machinery service

**Qualified as an Engineer**

**35.02.07** Agricultural engineering

**Qualified as a Mechanical engineer**

**35.02.08** Electrification and agricultural engineering

**Qualified as an Electric engineer**

**36.02.01** Veterinary medicine

**Qualified as a Veterinary assistant**

Period of study: incomplete secondary education – 3 year 10 month;

complete secondary education – 2 year 10 month

#### **Correspondence studies**

**38.02.01** Economics and accountancy (branch-wise)

**Qualified as an Accountant**

**40.02.01** Law and social security

**Qualified as a Lawyer**

**23.02.03** Technical support and service for transport

**Qualified as an engineer**

**35.02.07** Agricultural engineering

**Qualified as a Mechanical engineer**

**36.02.02** Livestock farming

**Qualified as a Livestock farmer**

Period of study: complete secondary education – 3 year 10 month

**Director: Dr. Evgeniy Ia. Barinov; Tel.: +7 383 2941-516**

### **Pre-University Tutorial Centre**

The Centre trains rural and urban youth in order them to enter the University. The Centre provides training courses and specialized classes. School leavers, who finished 10 grade of secondary education in rural areas, are admitted to biological and engineering specialized classes. At training courses, students study part-time and follow the curriculum of secondary education. They are trained to sit and pass the State Final Exam.

**Director: Sergey N. Burkov; Tel.: +7 (383) 204-0898**

### **Contact information**

**Admission board: Executive Secretary: Egor L. Leibolt**

**Tel.: +7(383) 347-4114, e-mail: [pk@nsau.edu.ru](mailto:pk@nsau.edu.ru), webpage: <http://nsau.edu.ru>**

**Address: Novosibirsk State Agrarian University  
160 Dobrolyubova Street, 630039 Novosibirsk, Russia**

How to get to NSAU:

1. by bus: From Railway station “Novosibirsk-Glavnyy” to stop “NSAU”
  2. by bus 122, 722 and shuttle 1111 to the stop “Metro Rechnoy Vokzal”
- By bus 1159 and tram 13 from the stop “Metro Rechnoy Vokzal” to the stop “NSAU”.

**Licence: series 90L01 No. 0009217 of June 3, 2016, ongoing;**

**Accreditation: series 90A01 No. 0002991 of June 13, 2018, valid until  
June 13, 2024.**
